<p><b>Tough Tray Laptop Holder (RAM-234-3)</b></p>	
<p><b>Double Ball Mount with Two Round Plates (RAM-101U)</b></p>	
<p><b>Backing Plate Adapter (RAM-202-225BU)</b></p> <p>Hardware included:</p> <ul style="list-style-type: none"> <li>• 3" x 3" steel backer plate</li> <li>• (4) 10-24 x 1" pan head, Phillips drive screws <i>(not used, substitute with 10-24 x 1 ¼" screws)</i></li> <li>• (4) 10-24 black zinc plated nylock nuts</li> </ul>	

Parts You Need to Purchase
<p>You will need to purchase the screws listed below to attach the Monitor Mount to the Slatwall Hutch.</p> <ul style="list-style-type: none"> <li>• <b>10-24 x 1 ¼ pan head Phillips screw (Qty 4)</b></li> </ul>

### Tools Needed

- Phillips screwdriver
- Pliers
- Drill
- 3/8" Metal Drill Bit
- Pencil

### Installation

1. Mark the spot where you would like the laptop mount located on the Slatwall Hutch, then drill 4 mounting holes.

*Make sure that the holes are located on the raised rib of the Slatwall.*

2. Attach the Double Ball Mount to the front of the Slatwall and the backing plate to the back of the Slatwall using the (4) 1 1/4" screws (purchased by you). Tighten the (4) nylock nuts onto the end of the screws using pliers.

*Note: The 1" screws included with the backing plate are too short and should **not** be used.*

3. Attach the Tough Tray laptop holder to the Double Ball Mount

Video instructions on how to use and adjust the RAM mount can be found at:
