

Laptop Tripod Stand Installation Instructions

Part	Part Number	
Tough Tray Laptop Holder	RAM-234-3	
Double ball socket arm	RAM-201U	
Threaded Round Base	RAM-202CNSU	
Unthreaded Round Base	RAM-202U	
Tripod	RAM-TRIPOD1	
Mouse Platform (Optional Accessory)	SF100MP	

Installation

1. Screw the threaded round base (RAM-202CNSU) onto the tripod.
2. Connect the laptop tray (RAM-234-3) to the tripod by loosening the double ball socket arm (RAM-201U) and clamping it to the ball on the tripod.
3. Place the other end of the arm on the laptop tray ball and tighten the arm securely.

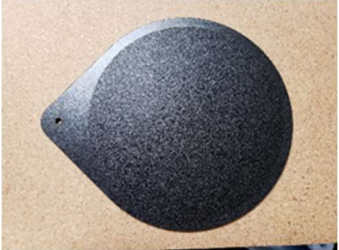

For information on how to adjust your tripod and components see the videos below.
