Use the shorter bolts to attach the desktop to the frame.

Use the longer bolts to attach the hutch to the desk.

# OVERHEAD UNIT INSTRUCTION SHEET

When installing the overhead unit, take (4) of the ¼-20 x 2" bolts and nuts found packed in the gaylord box with overhead unit.
Position overhead unit as shown in the diagram and bolt to desk.

The bolts used to attach the overhead are longer than the bolts use to attach the top to the frame.
