

VanGo Mobile Office Seating Solution

Ergonomic Solutions has been the leader in intentionally designed mobile workspaces for over 20 years. Our mobile offices allow mobile professionals and field personnel of all types, such as technicians, inspectors, engineers, construction managers, and sales representatives to complete their work remotely.

On-site work provides opportunities for;

- Increased service time,
- Increased customer time,
- Decreased turn-around time, and
- Reduced time needed to close a sale.

Not every mobile professional has the same needs. If you don't have a need for a full-size desk, but still work need to be comfortable while working in your van, we have solved your problem.

Our **VanGo Seating Solution** answers the question:

How can I use a comfortable, supportive office chair in my van and keep it from rolling around while I am driving?

Our solution incorporates an ergonomic office chair with a sliding base secured to the van floor that moves forward and back.

Features

- Ergonomically designed task chair
- Heavy duty sliding base
- Locking slide mechanism with handle for smooth back and forth movement
- 9" of forward and back travel
- Auto return cylinder to prevent the chair from spinning while the vehicle is in motion
- Chair remains secure at all times with no need to use a bungee cord
- Optional chair arms available
